Iowa Wage Law Change: Mailing Paychecks

There will be a change in Iowa's Wage Payment Collection Law effective July 1, 2008, related to the mailing of paychecks. The amended law requires that an employer have a written request from an employee before wages can be sent to an employee by mail. The amended law only applies to the mailing of actual paychecks. It does not apply to the mailing of pay stub information. It does not affect the previously passed direct deposit law.

The purpose of the revised law, passed by the Iowa Legislature this spring and signed by Governor Culver, is to ensure that employees receive wages in a timely fashion. The law also makes an employer liable for any bank overdraft charges assessed an employee if the employer fails to pay an employee's wages on or by a regularly scheduled payday. Visit the Iowa Workforce Development's Division of Labor Wage web page for more information on the paycheck mailing law.

The Smokefree Air Act was signed into law by Governor Chet Culver went into effect on July 1, 2008. Smoking will be regulated in public places, places of employment and certain outdoor areas.

The Smokefree Air Act outlines areas where smoking is prohibited, areas where smoking is not regulated, enforcement details, and scheduled penalties for persons and businesses that violate the law.

(For more details, see www.iowasmokefreeair.gov)

In order to comply with this new law, it is required for all Iowa businesses to post "No Smoking" signs at their entrances. The law also provides owners and managers with legal recourse for those who violate including refusing of service followed by request to leave the property.

The Ankeny Area Chamber of Chamber now has available the required stickers. If you require multiple stickers due to multiple public entry points, please call 964-0685, and we will prepare a bundle for you to pick up.

Thank you to the American Lung Association for providing the stickers to Iowa businesses.
