Great Southern Bank entered the Ankeny market in 2009 and appreciates the opportunity to play an active role in the community. Great Southern has a commitment to each community that it serves to help make them better places to live, work and do business. Evan Wyer proudly represents Great Southern Bank in his role as Banking Center Manager. Collectively, Evan has more than 20 years of experience in retail/customer services, working for Hy-Vee and Target for more than 13 years total before moving into the banking industry. He has worked for Great Southern and its predecessor bank for more than five years. Evan serves the community from the Great Southern Banking Center at 2805 S. Ankeny Blvd. in Ankeny, and can be reached at (515) 963-2602.

In 1923, Great Southern Bank was started with a \$5,000 investment and has since grown to the company it is today. Our footprint spans six states and we serve more than 134,000 households by providing them with the most comprehensive line of products and services available. With more than 1,200 dedicated associates we provide exceptional service to our customers and it is our goal to understand what matters most in every interaction we have with them.

At Great Southern Bank, it is our mission to build winning relationships with our customers, associates, shareholders and communities. PEOPLE | PROCESS | PROFITS

The decision to start a business comes from a desire to pursue a skill or craft and capitalize on an opportunity. This entrepreneurial spirit and excitement can slowly drain away when you realize the challenges of developing people, building a customer base, establishing processes, and keeping an eye on competitors; all to ensure you make a profit. Left unchecked, these activities can over-take an entire day, week or month, making it nearly impossible to spend time on the reason you decided to do this in the first place – you were really good at something!

Core Principles offers consultative services to organizations seeking excellence. We are uniquely focused on not only identifying opportunities, but will also work with you to execute and fully integrate the plans within your business structure and culture. With our customized approach, solutions are collaboratively developed and tailored to fit the needs of the business owner.
