Mint L.A. Boutique

Rebekah Risbeck
2505 S.W. White Birch Dr., Ste. C
Ankeny, IA 50023
(515) 964-4044
www.shopmintla.com

Owner, Rebekah Risbeck spent nearly 10 years in the Los Angeles fashion industry. Starting out at the prestigious, private fashion school, FIDM (Fashion Institute of Design & Merchandising) in Los Angeles

and San Francisco, CA. Upon graduation she grew her ranks in the industry from fashion stylist (styling fashion icons, and major fashion show productions) to product development (traveling to China for months at a time to visit factories and ensure product would arrive in-store on time, consistent with designer intent), to buying and trend forecasting for future collections, and traveling to NYC for NYFW. It was buying that sparked a particular interest in Ms. Risbeck. After a few years in the buying field, Risbeck decided to risk everything and start Mint Los Angeles Boutique in Des Moines Iowa. The rest, as they say, is history!

We offer on-trend and affordable fashion to the everyday girl. New styles arrive weekly and our inventory is constantly changing. We cater to a young, working professional who embraces her social life. Most of our customers have been with us from day one. They know us on a personal basis, and we are in business because of them! It is our goal to cater to our existing loyal base by offering them the trendiest, best quality, and affordable items that will make a lasting impression in their life. MintL.A. Boutique is a lifestyle boutique; women come for special occasion outfits, to engagement and baby picture outfits, or just simply to chat with the staff because they know we genuinely enjoy them. MintL.A. is a trendy and affordable boutique catering to young female professionals with locations in West Glen and Prairie Trail. Created for women on a budget who still want classic, timeless pieces, as well as affordable of-the-moment styles.

Aspen Waste Systems provides a wide variety of waste collection and recycling services to commercial and residential customers. Our services are characterized by four themes that govern what we do and how we do it.

- Extraordinary service. In an industry dominated by large multinational companies, Aspen has brought new levels of customer service to our industry. When you call Aspen, a real person answers the phone, answers questions and solves problems. Throughout our 20 year history, Aspen has developed and maintained a tremendous track record for providing reliable and competitively priced service tailored to meet the individual needs of our customers.
- Clean collection. Garbage collection and disposal is a necessity in our society, but it doesn't have to be unsightly. We meticulously maintain our equipment and your collection site to enhance the livability of your surroundings. Our drivers are neat, clean and helpful.
- Independently owned; locally managed. Aspen is owned and operated by people who live here. Decisions are made locally and we reinvest in your communities.
- Environment-friendly disposal. We dispose of all waste in the most environment friendly methods available in each area we serve. We focus on your needs, not maintaining a landfill.

Aspen is a Better Business Bureau Accredited Business with a BBB Rating of A+. While waste removal is what we do, we realize that our most important product is service.
