## LOF-Xpress Oil Change

LOF-Xpress™ Oil Change is not just another quick-lube. It's a model driven by customer choice. Ted Sage, the owner-operator of LOF-Xpress™ Oil Change, previously spent 10 years as the owner of a national quick lube franchise. During that time, Ted saw customers frustrated by the industry-standard "full-service" oil change - a 15+ minute oil change, including a laundry list of additional service requests. Over and over, customers' consistent demand was "just an oil change." Thus, the birth of the LOF (Lube, Oil, and Filter) concept.

LOF-Xpress™ Oil Change is built on this simple, yet valuable concept - lube, oil, and filter change in 3-5 minutes. No questions. No additional services. No BULL! For those in need of a more comprehensive service, we offer the LOF PLUS. This is the 3-point LOF service PLUS 12 other points to ensure your fluids are full and your engine is running smoothly.

LOF-Xpress™ Oil Change is also "Changing the way your oil gets changed." We're giving you a new quick-lube experience. The entire process is automated starting with the kiosks that allow you to choose, from a menu of services, the service you would like to receive. Your front window is scanned to retrieve car information which will be automatically saved in the system for your next visit. You will be able to watch the mechanics service your car from a monitor next to you. The customer comfort is also a priority. You can wait in your car and watch the service on the video monitor or one of four big screen televisions while you help yourself to a complimentary cup of Caribou coffee, hot chocolate or tea. If you're receiving the PLUS service you may want to wait in our cozy, Northwood's lounge and enjoy a hot or cold beverage.

Whether it's the Xpress or PLUS service, you can be sure that LOF-Xpress™ Oil Change is about efficiency and quality. So, stop in today. Pop your hood, grab a cup of Caribou Coffee, and before you know it, you'll be "Good to Go!"

Genlink Capital, LLC is a family owned and operated business lending company located in Ankeny, IA providing a reasonable alternative source of capital to customers throughout the United States. We seek risk-adjusted returns by creatively structuring loans in order to provide capital where other lending institutions cannot. Others' constraints are our opportunities. Our target customers are those businesses who are unable to obtain traditional bank financing due to any number of reasons. We receive referrals from lenders who are unable to help these businesses but wish they were able to, as well as brokers, accountants, attorneys, and other businesses. We typically will be involved with our borrowers for a period of one to three years, and then once our customers have become "bankable" we can assist with their transition to a traditional lender by introducing them to a banker who is able to meet their needs.
